

START A COLLEGE YOUNG ADULT CONFERENCE

Enrichment, intellectual growth, career development and social awareness are all some of the more typical aspects of the college experience. In addition to these more common interests that are pursued, the students' values, ideals and spiritual attitudes will be influenced by the "college" experience.

A College Conference can be relatively self-sufficient, requiring only minimal guidance and input from an Advisor. Furthermore, a College Conference's relationship with the local District Council should be similar to that of an Adult Parish Conference.

To find out more about starting a College Young Adult Conference in your university or college, please contact Annette Villa at 713 741 8234 or
